

Meet the QTEC Team

Scott Leloux

Operations Manager

How and when did you first commence work with QTEC?

I started at QTEC in 1995. I responded to an ad in the courier mail.

Tell us about your industry and background?

I have 45 years of experience in engineering, production, manufacturing, mining, maintenance and repairs.

What is your current role and deliverables?

I am the Operations Manager for QTEC. I oversee daily operation, procurement, product finishing, warehouse invoicing, etc.

What do you find most exciting about working for QTEC?

No two days are ever the same.

What do you enjoy about your role, and what is the most challenging part of your role?

It is still challenging to deal with difficult customers and suppliers.

What do you enjoy doing in your spare time?

I love Rugby, Tennis, Cricket, my kids, and horse racing but not in that order.

If you were down to your last \$10, what would you spend it on?

I would put it on a William Pike in the last race on Perth on a Saturday.
