

# Meet the QTEC Team

## Ryan Leloux

Production and Design Manager

### **How and when did you first commence work with QTEC?**

My father took me out of school to help him with an installation in 2000 and after that, I started working in the school holidays. I started full-time employment in 2004.

### **Tell us about your industry and background?**

I am a CNC (Computer Numerically Controlled) Machinist - with Certificate IV in mechanical engineering and CAD-CAM (Computer-Aided Design & Computer-Aided Manufacturing).

### **What is your current role and deliverables?**

I am QTEC's Production and Design Manager.

### **What do you find most exciting about working for QTEC?**

I am excited about QTEC's innovations and keeping up the QTEC Quality.

### **What do you enjoy about your role, and what is the most challenging part of your role?**

All aspects of my role are exciting. Being able to draw components and then seeing them being made in our CNC machines is satisfying.

### **What do you enjoy doing in your spare time?**

I love spending time with my friends and family, horse racing and sport in general.

### **If you were down to your last \$10, what would you spend it on?**

I would probably spend it on each way winner at Randwick (horse racing).
